Dear Customer

Our best value comes in our Pet Health Care Plan, **Best Care, a cost effective package saving you up to 25% a year on preventive healthcare!** Best Care comes in a range of comprehensive plans designed to keep your pet at their healthiest and ... your pocket.

As they age, pets' health care needs inevitably change. Each plan is tailored to your pet's needs according to their stage in life – so for cats, there are kitten, adult and silver senior's plans. Likewise for dogs, we have puppy, adult and silver senior's plans. And a special plan for our small and furry friends – rabbits.

Great Savings on All Their Routine Care! With our Best Care Health Plan, you get all the routine essentials for keeping your pet fit and healthy – vaccinations, parasite control of fleas and worms, as well as 6 monthly check ups with our vet. It is not health insurance where you pay for coverage you may never use.

Spread the Cost and Save €€€s: With our payment plan, you can distribute the cost of routine treatments throughout the year! You simply make an initial payment, followed by 11 equal interest free monthly payments.

Exclusive Perks And even more benefits in the great savings from the additional discount perks on food, dental care and special offers.

Regular Visits: For responsible pet owners who, like us, believe that prevention is better than cure, regular visits to our Centre and 6 monthly health checks with our vet means that your pets health is always monitored and advice is always on hand. Not only this, but we offer Unlimited Free Office Visits – so there is never a need to delay when you have a concern about your dog's health!

Our "Remind Me" service so you never forget! Not only will your pet win with regular care and vet visits, but we remind you when to care, treat or visit by text and email at the right time for each care point!

How Do I Enrol? It's easy to enrol and can make a huge difference in your pet's life. Complete a simple Application Form with your banking details, either at or at our reception.
